

5000 Series Straightener BHS510/00 Philips

Fabricant: Philips

Modèle: BHS510/00

€43,00

DÉSCRIPTION

BHS510/00 STRAIGHTENER 5000 1 X IONS

Style with less heat damage*
with ThermoShield technology

- ThermoShield Technology
- 50% faster detangling
- Ionic conditioning for shine
- Plates with argan oil

ThermoShield Technology for less heat damage

ThermoShield technology lets you style with less heat damage. The sensor regulates the temperature so hair gets the ultimate even styling it deserves from root to tip.

50% faster detangling**

The smooth plates allow the straightener to glide smoothly through the hair so you spend less time styling and more time enjoying the same great results.

Ion Care for shiny, frizz-free hair

The negative ions eliminate static, condition the hair and close the cuticles for even more intense shine. The result: smooth, frizz-free hair with a vibrant shine.

Ceramic plates with argan oil for smooth gliding

The straightener is equipped with ceramic plates with argan oil for fast and effortless styling with a smooth movement that feels as silky as the hair looks.

Floating plates for soft styling

The advanced flexible ceramic plates move to adjust the pressure on the hair. This ensures even heat and pressure on the hair for great styling results.

Curl or uncurl for different styles

From sleek and chic straight hair to casual waves or curls - it's all possible. What will you do today?

Temperature range from 120 °C to 230 °C

Choose a temperature between 120°C and 230°C for long-lasting results and the least chance of damaging your hair.

105 mm plates for quick and easy detangling

The longer plates of 105 mm provide better contact with the hair making it faster and easier to achieve the perfect straightening result.

Easy-to-read, innovative temperature display

The unique combination of a temperature regulator and LED display allows you to precisely control the temperature.

Cool stay end for easier and safer use

The end of the styler is made of special heat-insulating material to keep it cool, so you can safely hold the styler while styling for maximum ease of use.

Fast heat up time, ready to use within 30 seconds

The short warm-up time allows you to use the straightener within 30 seconds.

Includes heat resistant and rollable mat

Convenient heat-resistant and roll-out mat lets you style anywhere and keeps your straightener safely stored, at home or on the go.
